With reference to the above planning application, the City of Durham Parish Council wishes to express its support for this application.

Though the Parish Council hopes that the need for temporary screening on empty units becomes a less frequent character of the High street, the Council recognises and supports the improvement this makes to the overall appearance of the High street and also the opportunity this offers to businesses and other organisations to advertise goods and services, etc.

The Parish Council feels that appropriate temporary screening on empty units and any opportunities to further promote local businesses and a vibrant High street ought to be encouraged wherever possible.

Yours sincerely,

Adam Shanley
Clerk to City of Durham Parish Council
